

MASTER Painter

Applicators; Rollers

DESCRIPTION

Rollers cover large areas quickly for professional looking results. True Value Manufacturing produces rollers that are fabricated to meet the standards of every painter and are manufactured under strict quality control procedures. A final visual inspection of finished roller covers checks for lint, correct bevel and overall appearance.

AVAILABILITY

Available in different quality levels for the professional and do-it-yourselfer, as well as nap lengths—smooth to rough—for painting a variety of surfaces.

FOR EASY PAINTING

Provide professional one coat results indoors and out. Manufactured with the finest quality blended fibers for maximum paint pick-up and release with all quality paints. Assorted nap lengths for painting smooth to rough or textured surfaces.
Master Painter Premium Roller Covers.
